This is good.

I will remind John that we need to include the tribe. I am willing to head farther north to make it better for the others involved, and will let him know.

Bob

Let's plan on holding the 5<sup>th</sup> for the meeting. I will have Chris work with REI on getting the information pulled together. Is the intent to meet in Madison or closer to the site?

**We are committed to service excellence.**

Visit our survey at <http://dnr.wi.gov/customersurvey> to evaluate how I did.

Hi John,

How soon after our DNR/EPA meeting do you think we can get together for a Tower Standard technical discussion? If I had my preference, we (technical folks) would just stay in Madison and discuss on Feb. 5, but much depends on whether you have all the data and information you need, not to mention folks' schedules.

Please let me know what you think is possible.

Thanks.

Regards,

Bob
